

**261—65.7(78GA,ch1101) Application contents.** An application for assistance shall include, but not be limited to, the following information:

1. A business plan which includes a remediation plan. The business plan should, at a minimum, include a project contact/applying agency, a project overview (which would include the background of the project area, goals and objectives of the project, and implementation strategy), and a project/remediation budget.
2. A statement of purpose describing the intended use of and proposed repayment schedule for any financial assistance received by the applicant.
3. Evidence of sponsorship.
